SHANTI DEVI

Your Nature [Lagn Fala]

You are an **AQUARIUS** Ascendant Person.

You are born in Aquarius, so you will be a medium heighted person. There will be a sense of restlessness and playfulness in your eyes. Your personality is magnetic and because of that your number of friends will be ever rising. People will be attracted to you because of your nice behavior. You understand the weaknesses of other people and you show sympathy to them and that is why your friends will always be increasing. You will always be ambitious and patient. There is a natural likeliness towards history present in you. You think deeply about matters of the past and try to interrelate it with modern situations. You are not an orthodox and it is very easy for you to take out customs and conventions and that is why you can be counted among the rebels. You are very unpredictable; it is very difficult to know what you are going to do next. You make fun of all conventions; you can't be impressed by preaching and definitions. You are very studious, so your point of view is vast. You can, by your thoughts, can strengthen a revolution. You are above all human weakness and you set an example for others. Those who have a weak Saturn (Shani) in their horoscopes are "Big Fat Liars", they disrespect elders and can do a bad habit without any hesitation. They are devoid of dignity so it is difficult to explain. They are not very emotional. In brief, Aquarians are rebels, hate conventions, short-sighted, patient, dark minded, clever, witty, talented, satisfied and live in old situations, hostile towards prestigious people, extra ordinary personality, do things for bad people but are clever in divestituring materials or alcohol. You are clear to enemies and females becoming happy with sudden profit crave for money, honorable, royal, mighty, make cruel decisions and are devoid of emotions.

Your life partner will be talented as well as flawed, cruel, activeness, two faced behavior, intense behavior, few offspring, of harsh voice and weak. Your offspring might have short life span, beautiful and spiritual. You will earn money from weapons teaching, goal orienting, gate keeping, good service, effort making and by worshipping others. Your money will be spent on eating, hospitality and in agriculture. Your hands will be long, beautiful and extra sensitive. Their design will be triangular. Your second finger will be longer than the index finger and will be larger than the pinky (smallest-finger). Flexible thumb and there will be too many lines on the hand. Aquarians are always afraid of violating their fundamentals and freedom. You will also be afraid of your spending habits. You are fearful of your own emotion and you goals. You can be stubborn and full of passion. Because of your secrets going public, you will stay aware. Or the outside, you will look like an intellect, but on the inside you are provocative of emotions. You want to stay ahead of everyone. You are afraid of workload beyond your strength, so you want that people see you as a patient person. You want to keep your secrets hidden. Your love will be mysterious. Sometimes, the thought that your lover is not at your level makes you dissatisfied. You are humble, emotional, intelligent, flattered, not an imitator of traditions and will be a basic person. You are mostly perspective of time. Your mutual behavior is quite a rebellious one. Normally, you have a beautiful nature, sweet voiced, sociable, excited and have sensual character. Poetry, Plays and Fine Arts are some things that attracts you. Till the end, many of your friends are your hidden enemies who conspire against you and because of them you might have to face loss in property and real-estate. You travel a lot but majority of them are not profitable and will lose some of your wealth and health. Nature wise you are calm and simple.

There will be a lot of ups and downs in your fortune also you are not cunning and pseudo logical. You quickly become influenced when someone discourage you. Sometimes because of your ill-temperedness, you might repent. Being lethargic and the craving of comfort are your biggest flaws. You always try to avoid work till the point of no return. Where you have to do it, you don't capitalize on the opportunity. Your mind is sharp and a good memory power. Sometimes you might get addicted to alcohol and that might create an obstacle in your path of success. You can defeat your rival by argument; you have an extraordinary talent of controlling an excited crowd. You are independent and can demonstrate your talent by being in a top post or running your own business. You become sad when you have to work against your will. Your easeful behavior might cost your success. You will not have profit in travelling and you might have an accident through water, weapon or an animal. In your life, you might have an accidental loss and that for your father too. There is a chance that you might have twins. Your life will be full of ups and downs in between your childhood and youth, you will have to struggle and even then you will not have enough money to spend but in the end you will conquer everything. Because of others sometimes you will have to face betrayal. You will either become successful or not, that depends on your hard work. Irregularity in planning and yoga might give diseases related to urine, stomach, ear and eyes. Other diseases, you should be aware of are related to your knee, back or spinal injury and paralysis. You might face trouble in accumulating wealth and your friendship is not stable.

SHANTI DEVI

Your Character and Behavior

You are not an ultra-orthodox to a point. You work suddenly; worry more about the future, struggle for social rights and are firm on your opinions, but listen to thoughts on justice. Your nature is fast like lightning and is fearful. You are an experimenter and investigative natured person. You should not listen to others' opinion because it will make you lose your path to success, so being self-confident is good for you. You take interest in big organizations. You are interested in doing realistic work. You are loving, friendly and a care taking person. It is not easy to analyze and understand you. You want to impress and take a prize for it from people. You desire new challenges, because you're an idealist. You can't keep a secret. You are very sympathetic, but you can't work according to that. You should listen to your inner voice. You want to become a man of principles and attractive. You should not feel impatient because of failures. It is good to trust your abilities. You consider having a great loss is good rather than gaining a cheap victory. You have an immense inner wit as compared to collected knowledge.

You are a man of your word and you don't like person who break promises. You like to stay drowned in future and don't care about the present. You never forget people in your contacts, even if they are faulty. Being practical is the only good for you. You think dreams are real and you color your imagination. You give form to a layer. Your uncertain nature will kill your importance. If you live with your family and give them chance to understand you then, it won't be difficult to express your positions and you will save yourself from the jealousy of others. Aquarians, if they do not find them busy even if engaged to a work, they become pessimist. You need real partners and helpers. You will not cover yourself with laws and traditions. You want to earn money but can't bear the pain of saving it. You want others to express their interest. You should not give pressure on ordinary desires and mistakes. You should know that your partners can criticize your flaws. You are keen to fundamental rights and freedom but your personality will grow slowly.

You will be successful in impressing and making people your friends but you should mind that you have to bear their responsibilities. You will not be satisfied with an object's actual form; you want to correct it somehow. You like to work as a social service employee. If you walk the path of creativity, you can become a true philanthropist otherwise you can become destructive. You will only use your abilities for humanity. You with investigative behavior are eager and with that you want to do something extraordinary and you will create a measuring stick to differ you from others. You love both good and bad news because there is an innate eagerness present in you. It is difficult for you to predict future because you change your decisions quickly. You will always have to suffer future planning and cementing a procedure. You can bring a revolutionary change in teaching methods. Freedom and independent behavior is your basic characteristics; you don't like to limit it with the past and don't want to restrict it. You rarely look back because your feet are always marching forward. Cowardice is a part of your personality.

SHANTI DEVI

Your Youth

The youngsters of Aquarius horoscope ascendant are more concerned about their future as compared to their present. You are impatient and dissatisfied. You waste your time with useless people even then you treat your friends with integrity. Your nature is of a founder, loving natured and are stubborn to an extent. You are interested more on celestial stars rather than cine stars. You are a quick thinker but your thoughts don't have balance. Your behavior with closed ones is always good. You like your father more and will follow his commands. In your youth, you are capable of bending or molding people according to your will, some of them are humanists, helper of the weak and others. You will be friend with Sagittarius (Dhanu) people and will fall in love with Gemini (Mithun) people and you will automatically get attracted to Leo (Simha) people. By nature you are revolutionary, want to create brotherhood all over the world and want to establish truth. You are inexperienced in wealth and invest money anywhere without even thinking. In multiplying your money, your low-experience will not come in the way of your principles.

You are not greedy you are good natured. You want to be successful by uncommon way. You are interested in maritime, numerology, astrology, modern art, literature and elemental deliberation of cinema. Eager and invented people will attract you. Electricity, sailor, navy, television and astronaut might be some of your career choices. Your future related imaginations will be satisfactory. Your habits are uncommon. You can read the thoughts of other. Your desires and imaginations are sometimes fulfilled. You accept challenges, walk on the same path and you work according to the opinion of a witty person. Your ethical values are high. You are hard working in proving your point but you want others to follow the rules and can't do it for yourself. You will struggle for injustice and propriety. Your admirers are from Gemini (Mithun) and fellow Aquarians. Your desire of attaining success is extremely intense and normal obstacles can't get in your way. You are seen very successful in road and field construction. You should continue walking down the path of freedom with firmness and should stay away from negligence and should not pressure on your procedures.

SHANTI DEVI

Life Partner and Romantic Relation

You can enamor and degenerate others. You are not a blind lover. Normally, you are attractive to the opposite sex and the centre of attention to them. Love is like door to new world for you. You can be considered lucky in this area. Partners of the opposite sex are quite mischievous. You might get married in the ages of 20, 21, 22, 24, 26, 32 and 42 and your married life will be good. If you want, you live your whole life as a celibate. Discussing women is something you are not concerned of. Gemini (Mithun), Libra (Tula), Scorpio (Vrishchik) and fellow Aquarians are some of the people with whom you marriage and friendship can remain stable. You make a relation on mental grounds, not physical. You can stay satisfied with mental connection. It is not fruitful for you to impress your partner. To attain success in any area, you should lay a base of high idealism. Falling of your level is dangerous for you. You should trust your inner inspiration. The biggest concern in your love life is explaining and understanding. You should walk with your continuous patience for achieving your goals. You want an eager, responsible, attentive and an experienced life partner.

You should be practical to become successful. You should not be emotional too much and should believe in taking from others. You should be eager of everyday but you should not be selfish. You should pick a partner who is spiritual, brave and a person who is willing to learn. To make your partner reach up to your level, you yourself have to be talented. You inherit sex and love as wisdom lessons but your analytical behavior will make you a victim of self-deceit. Marriage for you is happiness, travelling is satisfaction and cheerfulness. You can become an ideal life partner. Eager behavior of yours will help you meeting different people. You don't consider going out of rules as a bad thing but expect your partner to follow it. Even then you intensions will be pure and you don't want to hurt anybody. Also for you, marriage is like a trouble because you always look for something new and it is pleasurable for you to meet new people. According to some people you are very sensual excited in love and a very deep lover. You become dissatisfied when you don't receive proper love from your partner. You cannot tolerate any amount of sadness of your partner and that is why most of you relations will end in the middle. Satisfaction from you will be nothing less than ordinary.
